3 Days with Multidimensional Data analysis and Visualization

DAY	TOPICS	DURATION (MINUTE)
1	Data source and download	20
	Reading and writing	15
	Reshaping and indexing	25
2	Statistics with multidimensional data	15
	Different interpolation	15
	Combining, grouping	20
3	Making Normal plots (line, scatter, histogram, bar)	30
	Making Map	20
	Different Resampling methods	15
	Time series with multidimensional data	20
	Making an animated plot and Map	30
Total Duration		3 hour 45 minute

Total fees: $ 70 (US DOLLAR)
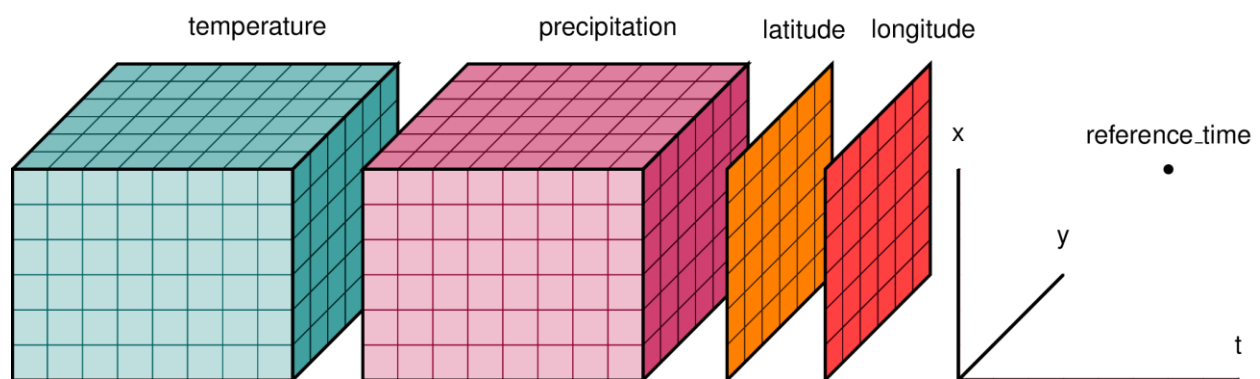

Instructor: Hafez Ahmad
